Message of Kindergarten

The children are mainstay of future , our mission is :

- Creating a generation of talented , creative and thoughtful individuals
- Teaching children to read and write .
- Learning English
- Encouraging children to read
- Communication and interaction with parents of children
- Development of scientific thinking by using the methods of modern mathematics
- Development of patriotism in children by familiarizing them their rights and duties towards the nation

Kindergarten Activities

- 1- Scientific and entertaining trips
- 2- Summer camps
- 3- Celebrating with the children the occasion of birthdays
- 4- Celebrations of religious events and festivals and art shows

Nursery

Founded in 1979 . One Objective of the Union is paying attention to employed women , so the union established a nursery furnished with furniture appropriate for children aged from one month up to 3 years . The children are supervised by compassionate and affectionate nursemaids . There are Private outdoor playgrounds for nursery children and adequate internal games

Section of Sewing

To enable women to live in dignity , the union has established a section for teaching the art of sewing under the supervision of a specialist and equipped with modern sewing machines , in addition , ladies can make orders for sewing clothes.

Section of Knitting

Knitting section was established to train girls on knitting and work under the supervision of a specialist and equipped with modern machines in addition to knitting and crochet that meets the demands of women of all wool and crochet .

Section of Embroidery

To maintain the Palestinian Heritage from loss , the union encourages girls to practice the Palestinian embroidery . In the union, there is a permanent exhibition of embroidery
